"Certain agencies inspired by Germany," reads the note, "spread the report in Germany and some neutral countries that England and the United States had summoned France yesterday to remove her troops from Frankfurt. This report, which evidently was intended to be misleading and which produced a certain effect, one in the newly occupied regions yesterday is absolutely without foundation."

### Strike Of Insurgent Members Of Railroad Brotherhoods Spreads

LOS ANGELES, CALIF., April 8.—The railroad strike has spread to Los Angeles, where early today the Yardmen's Association said between 500 and 1,000 men on the Southern Pacific, Santa Fe and Salt Lake lines had walked out in sympathy with the strikers on eastern roads.

The strikers said their action here was the result of being unpaid and predicted the entire Pacific coast if not the whole nation would be affected soon.

CHICAGO, April 8.—The strike of brotherhoods which began a week ago in Chicago today, had spread to other parts of the United States and there was indication that the series of rebellions against organization direction had not reached its crest.

Last and west bound freight movement across the continent, already restricted by the Chicago strike, was hampered further by switchmen striking at such strategic gateways as Buffalo, and Kansas City, and at such industrial centers as Detroit and Decatur, Ill., and Gary, Ind.

Strikers were threatened today at Milwaukee, St. Louis and East St. Louis, gateways to the southwest and the southwest. Strikers predicted, also, that 25,000 men in northern New York would join them, cutting off freight traffic from Buffalo to New York and Boston.

The Yardmen's Association, International Union which called the strike, forming branches in numerous terminal centers, reports indicated.

H. E. Bendine, general organizer of the Yardmen's Association, announced that the Railway Clerks and Freight Handlers' Brotherhood would take strike votes Saturday.

### WARSHIPS WERE READY FOR BATTLE, SAYS WILSON

WASHINGTON, D. C., April 8.—The vessels on the active list of the navy were never better prepared for war than when the United States joined the allies and the navy department had "full and complete" plans to combat a German offensive against the coasts of the United States.

Admiral H. H. Wilson today told the senate committee investigating the navy department's conduct of the war.

Replying to criticism in the letter from Rear Admiral Sims to Secretary Daniels that caused the investigation, Admiral Wilson asserted that "from the moment war was declared the entire navy—the department as well as the fleet—entered into the prosecution of the war with the greatest energy and its accomplishments reserve the commendation of the nation."

Admiral Wilson, now commander-in-chief of the Atlantic fleet, commanded the patrol force that first protected waters adjacent to the United States and later based on Brest, France, co-operated in protecting allied convoys in war zone and hunting U-boats.

Within four days after this country entered the war representatives of the allied admiralties were in conference with Secretary Daniels and naval officers in Washington outlining the means by which the most effective assistance could be rendered by this country, the witness declared.

As he spoke, Admiral Wilson said, every suggestion or proposition put forward by the allied admiralties was promptly agreed to and efficiently carried out. The fact that the greater part of the American army was transported over 1,000 miles of water without a life being lost through efforts of the navy, testified to the success of this co-operation, the admiral asserted.

"Our naval forces from the start co-operated in a most successful manner with the naval forces of our allies in many portions of the seas," Admiral Wilson declared, "by their splendid and efficient work they materially aided in shortening the war, and in this manner saving untold life and property."

"Mistakes the navy made during the war were so relatively unimportant that they were hardly worth considering in comparison with its achievements," the witness said.

### Conference With Operators Breaks Up

PITTSBURGH, PA., April 8.—A conference of representatives of United Mine Workers, District No. 5, and coal operators, held here today to consider the arrangement of President Wilson's wage settlement broke up shortly before noon.

### Border Plot Is Nipped In U. S.

EL PASO, TEXAS, April 8.—The campaign in Chihuahua to disperse federal troops from the border was under arrest today and the federal grand jury had evidence which might lead to other arrests in connection with what federal officials said was one of the most pretentious Mexican revolutionary plots ever conceived on the border.

But for the arrest by military forces in the Big Bend district, of a boy and a girl carrying messages to Francisco Villa, officers admit the plan for the seizure of Lower California and simultaneous campaigns against Sonora, Sinaloa and Chihuahua might have developed into serious proportions.

The messages, carried by Andres H. Villages and Concepcion Perez, the latter said to be a niece of Villa, furnished information which led to the arrest at Los Angeles of Colonel Lambert Chavez of Villa's army on a charge of attempting to smuggle arms into Mexico, and at Mexicali the arrest of A. Borcia and his aide on a similar charge.

Chavez is said to be a colonel in Villa's army and Borcia had in the possession a proclamation naming himself governor of Lower California as he landed his ship at the mouth of the river.

According to details of the alleged plot made public yesterday, the revolutionaries were to cross into Lower California from the United States, seize Webb, Weegham and the other federal troops and armament of which these disperse from Charles Weegham, Weegham's first bunch was a large supply and outfit consisting of property of such rooms and former U. S. companies against Sonora, Sinaloa and part of the state of Chihuahua, while Villa intended a campaign against the National League, Bascom Club,aire.

### Oasis Found

CINCINNATI, O., April 8.—W. G. Jewell, proprietor of a saloon in Covington, Ky., was charged today with violating the national prohibition act following a raid by federal prohibition officers on his place late last night. The officers say they found in a room above Jewell's saloon, 500 gallons of home made beer, 12 barrels of bottled brew, 30 cases of beer, 10 pounds of hops, two 15 gallon tanks of newly made beer, 5 gallons of raisin jack, two gallons of molasses and other brewing equipment.

The inspectors say that Jewell's saloon has been the oasis for hundreds of thirsty Cincinnatians, who crossed the Ohio river bridge to dip into the home made brew.

### ADOPTION OF PEACE MEASURE IS PREDICTED

The vote was 213 to 155. Immediately afterwards the debate on the resolution itself was opened. It will continue until 5 p. m. tomorrow, when a vote on the resolution is expected.

Democrats voting for the rule numbered six, while one Republican, Representative Fuller, of Massachusetts, voted against it.

The Democrats joining with the Republican majority were Calder, New York; Evans, Nevada; Gallivan and Olney, Massachusetts; Sherman, Ohio, and Goldfogle, New York.

### DEFEAT OF COMPULSORY SERVICE IS CONCEDED

WASHINGTON, D. C., April 8.—Defeat of the compulsory universal military training provision of the army reorganization bill was conceded today by senate proponents of the plan to state off a vote on the issue. They planned to substitute a program for voluntary training of four months for all youths 17 or more years old.

### \$300,000 LOSS BY FIRE AND EXPLOSIONS

AKRON, O., April 8.—Survey of losses by fire and sewer explosions in the downtown section late yesterday, showed that the loss is in excess of \$300,000.

Eighty percent of the total loss is covered by insurance.

City and county officials are investigating today to fix cause of the series of tremendous explosions which rocked downtown Akron, broke hundreds of windows, blew sewer tops into the air, caused panics, and endangered thousands.

Gasoline leaked into the sewer mains, from about Broadway and Mill streets, to around Main street from Mill, said officials today. Theory is that some big storage tanks of gasoline began seeping. The volatile fluid then getting into the mains caused an explosive gas which was ignited by spontaneous combustion.

The fire was discovered by the basement of the Buckeye Cigar Company, Mill and High streets, the upper floors of which are occupied by the Linwood Hotel.

Theory advanced by the investigating officials is that some of the force of the terrific explosion vented itself in the basement of the Buckeye Cigar Company, and in some manner, either set fire to some combustibles stored in the basement, possibly through concussion, or else some of the flames of the sewer explosion were carried into the basement.

A subsequent conflagration ran from the main trunk sewer in Mill street into the Buckeye basement.

Hardest losses in business, thus far, the Buckeye Cigar Company, the Linwood Hotel and the D. P. W. Dental Company, the latter having lost being light as compared with that of the Buckeye Cigar Company and the hotel, both of which suffered almost total losses.

The fire was most spectacular. The series of explosions had, aroused all Akron. Great crowds came to the scene of the fire. The thousands of spectators crowded the streets.

BRITISH CABINET MEETS LONDON, April 8.—Premier Lloyd George and his cabinet met today to discuss the occupation of Germany cities by the French. The conference of allied premiers and foreign ministers, which has been arranged for today, has been postponed. It will probably be held tomorrow.

Superior Justice Charles A. McNaughton indicated after he had heard testimony of Mrs. Weegham's private detectives yesterday.

Mrs. Weegham also will be granted alimony of \$400 a month and custody of her 12-year-old daughter, the judge indicated.

The Weeghams were married in 1909. They met when Mrs. Weegham went to work as a cashier in Mr. Weegham's first lunch room. Mr. Weegham, Weegham's first bunch was a large supply and outfit consisting of property of such rooms and former U. S. companies against Sonora, Sinaloa and part of the state of Chihuahua, while Villa intended a campaign against the National League, Bascom Club,aire.

The initial step in the plan to make New Boston a part of Portsmouth was made last night when council unanimously passed an ordinance requesting the Board of County Commissioners to annex the village and authorizing City Solicitor S. Austin Skelton to make application for such annexation on behalf of the city.

Previous to the introduction of the ordinance, Judge A. Z. Blair, representing the Annexation Committee of the Chamber of Commerce, explained that the territory sought to be annexed, embraced the entire village, except seven lots in the Glenwood addition, and these were left out purposely in as much as under the law the village as a whole can not be annexed in one proceeding.

**Urged Favorable Action**  
Judge Blair, in urging favorable action, told council that petitions had been circulated in the village and freely signed by the citizens. He declared there was no doubt of the required number of signatures being obtained to the petitions which will of necessity be presented to the village council.

After quite a discussion, in which all members and Mayor Galloway and Director Gergens participated, legislation was ordered to issue certificates of indebtedness amounting to \$1,600 to assist in the campaign launched by the Woman's Club to clean up the city. Members Langan and Schirman opposed the proposition.

The ordinance increasing the salary of the Safety Director, from \$300 to \$1,200 was passed by a vote of 4 to 2 when it came to its third reading. Members Osborn, Chabot, Weyhert, and Westphal supporting the measure, and Members Schirman, Rungas and Bennett opposing.

Legislation was passed providing for many improvements, including the installation of water mains and paving of the streets and alleys in the Norwood addition, installation of a combination sewer in Tralton addition, paving of Youth street, Court to Findlay, paving of Spring Lane and Argonne Road and laying of sidewalks on Seventh Street and Broadway streets.

**City To Get Fines**  
Ordinances were also passed prohibiting the unlawful manufacture or sale of intoxicating liquors, and providing punishment for certain other offenses, including gambling, larceny, concealing stolen property, etc.

This ordinance was passed in order that prosecutions may be made in Municipal court in the name of the city instead of the state, and as a consequence the city will receive the fines instead of the county, as heretofore.

The sum of \$1,200 was appropriated to pay for equipping and installing a laboratory for the Board of Health at Hempstead hospital, and resolutions were adopted authorizing the issuing of certificates of indebtedness for \$200 and \$100 to pay disabled firemen and pay increases granted to employees in the city engineer's department.

On the recommendation of Solicitor Skelton, the service director was instructed to prepare plans dividing the city into sewer districts with a view of putting all sewer construction in the city upon the assessment plan. The solicitor, in discussing the problem, declared that the old plan of collecting only for sewer taps was a losing proposition and asserted that the new plan was absolutely necessary in view of the sewer construction fund being exhausted.

An estimate of \$1,000, submitted by the solicitor to provide funds for traveling expenses of legal representatives of the city in taking depositions in various parts of the country in the damage suit of the John H. McGowan company, was referred to the law and claims committee, with the solicitor urging early action.

Mayor Galloway recommended that council consider legislation fixing the pay under present conditions of employees of the most defense stations to correct a question of wages which arose during the recent flood.

Director Straus called attention to an unhappy situation disclosed in regard to some fire hydrants, how many he was unable to find, on which the firemen were unable to attach their hose. One of these, he said, was located at Fifth and Chillicothe streets, and declared that the matter was of serious import in the way of fire prevention. He was authorized to purchase a set of dies to standardize the fire hydrants.

**Pat Is Adopted**  
A resolution was adopted approving and accepting a plot of the Scotia View First Addition, platted by Edward Cunningham. The addition is on Scotia Trail.

Atorney A. H. Hanson, on behalf of the Golf Club, asked council to improve Kendall avenue, at the east of Eighth street, and his petition was referred to the street committee.

John Scherz headed a delegation from Mahert Road asking that water mains and gas be extended to their section.

Two petitions were received asking for the paving of Jackson street, one from Second to Brown and the other from Brown to Campbell avenue. The petitions were signed by all the property owners, and estimates were ordered.

**Pixley Quits School**

COLUMBUS, April 8.—(Times) Pixley, football guard on the varsity team at Ohio State, withdrew from that institution this morning to work for his father, M. A. Pixley, president of the Eimer & Henckels Co., the remainder of the spring. This company was a two day conference with the Ohio State football team in the past few days. What his plans are for next fall is not disclosed at present.

## "Like a Mighty Army Moves The Church of God"

*Thirty divisions of that army—thirty denominations—are moving forward in a nationwide cooperative campaign.*

THE army that stands still is really retreating. The Master's command was a forward command, "Go ye into all the world."

Out of the war the churches emerged with a new sense of the urgency of that command.

"We must move forward all along the line," they said, and each denomination planned its own "Forward Movement" to deepen the spiritual life of its members and equip itself with money and power.

Then came the greater thought, "It is not enough for us to go forward. We must be sure that there is no duplication of effort; that cooperation prevails; that every man and dollar does its utmost in service."

"We must go forward together."

So the Interchurch World Movement was formed—a clearing house through which thirty denominations without sacrificing their identity in any way—can cooperate in the service of Jesus Christ.

FOR MORE than a year trained experts have been at work making a scientific survey of the whole world, and of America county by county.

The churches, for the first time in their history, have the full facts.

# IN THE SHADOW OF BOLSHEVISM

RUSSIA IS NOW THE BLOODIEST DESPOTISM KNOWN IN THE WORLD. ITS PEOPLE HAVE SUFFERED PHYSICALLY FOR GENERATIONS. IN the reaction against autocracy, Bolshevism has failed in everything but murder and loot. Orderly life cannot be maintained. Law has been upset, religion abolished, the home broken, drunkenness and debauchery converted into virtues.

The American citizen is a conservative individual and does not believe in destruction, immorality or atheism. He loves his home, his family and his country: He knows that this Democracy is the best system of government among men and affords machinery for righting grievances without resorting to violence. Aliens after becoming Americanized enter into the spirit of perfecting an ideal social fabric in the land of their adoption.

EVERY AMERICAN MAN KNOWS THAT HE CAN GET AHEAD IF HE HAS IT IN HIM. NO ALIEN WORKER NEED SUFFER HERE IF HE WILL take pains to learn our language and take an interest in our life. The efforts of the paid agents of Bolshevism are repulsive to our minds. It is safe to say that these agents do not believe their own preachings. The greatest harm that can befall a Bolshevik is to air his theories before the average American.

THE COMMON SENSE OF THE AMERICAN PEOPLE WILL CHECK AGITATION, AS WE ARE NOT GIVEN TO TEARING DOWN OUR INSTITUTIONS at the demand of any class of noisy demagogues. Intelligence raises mankind in human progress and, likewise, the employee of today may be an employer tomorrow. Men happily employed will not listen to breeders of discontent.

## "OUI! OUI! MONSIEUR" TONIGHT

Tonight in the High School auditorium, under the auspices, and for the benefit of the Y. M. C. A., the play, "OUI! OUI! MONSIEUR" will be staged by local talent.

"OUI! OUI! MONSIEUR" is the talk of the town, and a real live, snappy play is expected tonight. The play is expected to be most gratifying. People are anxious to give the "Y" a boost, for the heart of America will never forget what the "Y" did during the recent unpleasantness.

Every moment of "OUI! OUI! MONSIEUR" from the time the curtain rises is expected tonight. The play is expected to be most gratifying. People are anxious to give the "Y" a boost, for the heart of America will never forget what the "Y" did during the recent unpleasantness.

## Found Guilty Of Larceny

"Guilty of larceny" was the verdict of the jury in the case of E. L. Norman, Ashland, Ky., auto salesman, and William Carley, hotel clerk, Cincinnati, indicted for breaking into the home of J. S. Stevens at Mt. Joy and stealing 60 gallons of whiskey on the night of Jan. 16 last.

The jury deliberated on the case three hours, reporting to Judge Thomas with its verdict at 6:35 last night. Phil M. Streich was foreman, and the jury by its verdict found the defendants not guilty of breaking into the Stevens home, and it is understood the jury "hung" on this question, some of the jurors favoring a verdict of guilty as charged in the indictment, and compromised on larceny. The jury fixed the value of the property stolen at \$750.

Attorney A. R. Johnson, on behalf of the defendants, gave notice of a motion for a new trial, pending the disposal of which Norman and Carley were allowed to depart for their homes.

Attorneys for the state announced this morning that Floyd Herrick, local steelworker, indicted jointly with Carley and Norman, will again be brought to trial on the indictment. The jury disagreed on Herrick's indictment about 5:45 Wednesday evening when there was a slight damage by fire in one of the new Longhorns Dr.

## UNFINISHED HOUSE WAS ON FIRE

It is not an uncommon happening to have damage by fire in an inhabited house but it is seldom fire damages a house not yet ready for occupation. Such a thing, however, happened about 5:45 Wednesday evening when there was a slight damage by fire in one of the new Longhorns Dr.

## The Cost Of Living Will Come Down

WHEN big business interests sincerely desire to be satisfied with reasonable profits;

WHEN the general public decides to refrain from buying that which it does not actually need;

WHEN workmen determine to increase production of all commodities to the limit.

During its entire eighteen years history The United Woolen Mills Co. has never wavered in its policy of large volume and small profit per unit.

And now, we are simply continuing the policy we have followed through all the years by announcing that "We have not and will not increase our prices this Spring and Summer over last Fall and Winter."

ALL SUITS - ALL OVERCOATS \$24 \$28 \$32

Never for a moment will this institution imperil its prestige and good will by taking advantage of abnormal conditions, although we could reap enormous profits by so doing.

## CADOMENE GOOD FOR OLD PEOPLE

Read This Voluntary Letter:

The Blackburn Products Co., Dayton, Ohio.

Dear Sirs: I just bought another tube of Cadomene Tablets. My wife and I have used one tube and find them as you state. They have made my wife a whole lot better, as she was so cross from being so nervous and run-down. They have helped me, too, as I was so nervous and irritable and unable to sleep. We are both getting well along in years, although we do not feel old since taking Cadomene Tablets. They surely made us feel like new people, all right, etc. Yours respectfully, Hugh Nelson, 210 E. Broadway, Muskegon, Okla.

Cadomene Tablets is the best medicine for nervous run-down systems. Sold by druggists everywhere.—Advt.

Is Impending: Miss Edith Johnson of Second street, who had her house burned several days ago is doing exceedingly well.

Has New Job: Henry J. Smith, formerly employed by the Southern Railway Co. on Market street, has taken a job with the Gillett Grocery Co.

Talked To Students: R. J. McElroy, national secretary of the Friendly Sons of Ireland, who has been in the city several days in the interest of this organization addressed the students of the Holy Redeemer school Tuesday.

Called To Alliance: Mr. and Mrs. J. J. McElroy, 1412 E. Allerton, were called there by the death of her father, Mr. M. J. McElroy, a general superintendent of the White River Glass plant.

## Disgrace To Have Flies

Stalk out the fly's breeding place in your neighborhood.

Grocery stores and butcher shops in residential neighborhoods are often looked upon as great accumulations of filth. Summer time brings flies, then they are often found to be the only sources of the fly breeding places. Now that automobiles have replaced horses and carriages, most houses are free from harboring breeding places for flies.

Flies are always a sign of carelessness of refuse or bad sanitation.

When people realize that flies can be exterminated through cleanliness of these matters, it will become a disgrace to have flies about. Since flies do not travel more than half a mile from where they breed, these breeding places should be hunted down. Now is the time to fight the fly. Fly traps outside of grocery stores, meat markets, private residences and hotels, and tightly covered refuse, will do in flies in Portsmouth what drain swamps did to mosquitoes in Panama.

## Reporters Born Not Made, Says Editor Harold

"If the newspaper is working for the interests of the public instead of its own private interest, it will succeed," said Walter Harold, editor of The Times, in speaking to the Portsmouth High School Wednesday morning on "Journalism."

"Newspaper reporters are born, not made," Mr. Harold continued. "What? Where? When? Why?" he said, were the four essential questions in news gathering.

## INVINCIBLES AND ALLIES LEADING

To the Invincibles fell the honor of winning the first game of the new season in volley when they defeated the Travelers Tuesday night by a score of 21 to 11. The Excelsiors came back and massacred their opponents in the next game to the tune of 21 to 4.

They started strong in the third game but went to pieces in the middle, losing the game and first place to the Excelsiors by the score of 21 to 15.

After a long struggle the honor of winning first place with them when they met the Sports Tuesday. The Invincibles were easy for the Allies, and the Sports found the Allies just as easy in the second. The Sports scored first in the third game and had the Allies 17 to 15 and then the Sports won.

Time after time they lost the ball, but couldn't make a point. The Allies kept up bit by bit and finally passed the Sports and won the game with the Sports score 21 to 15.

The playing on both sides was very hard. Reuben Hershov, broke into the game as a Select and is called a make good. He has played the last game for the Allies, being as good as the Sports as at the time. Dr. McElroy, a recent acquisition, and Floyd Fuller were the stars for the Sports.

The Sports won, as follows: Allie Dore, Muskegon, Okla.; Dr. McElroy, Bluefield, W. Va.; Ralph Mott, Geo. Patton and Ray Kelly, Selects.

## Tartar on Teeth

**Shows That You Don't Clean Them—Note These Facts**

All Statements Approved by High Dental Authorities

This is to men and women who find that brushed teeth discolor and decay. Who find that tartar forms, or pyorrhea starts. You are not keeping teeth clean. You let a film remain and the damage is traced to it.

Dental science has found a way to end film. It is now embodied in a dainty tooth paste which millions are employing. We urge you to try it ten days at our cost and see the results for yourself.

### That Film on Teeth Can Now Be Ended in This Way

You can feel on your teeth a slimy film, ever-present, ever-forming. That film is the great tooth wrecker. Dental science now traces nearly all tooth troubles to it.

The film clings to the teeth, gets between the teeth, enters crevices and stays. The tooth brush does not end it. The ordinary dentifrice does not dissolve it. So millions find that teeth discolor and decay despite the daily brushing.

#### Why Teeth Discolor

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Dental science, after years of searching, has found a way to combat film. Many able authorities have proved its efficiency. For five years it has been subjected to every sort of clinical and laboratory test.

Now, for home use, it is embodied in a dentifrice called Pepsodent. Leading dentists all over America are now urging its

adoption. This week we offer a 10-Day Tube to anyone who asks. And we urge that someone in every home prove its unique effects.

#### Based on Pepsin

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. Dental science has now discovered a harmless activating method. And now everyone can fight the film with active pepsin constantly.

#### See What It Does

Present the coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Watch the results and read the reason for them. Compare this new method with the old. Then adopt for yourself and have your children adopt the method which seems best. This is of lifetime importance to you. Cut out the coupon so you won't forget.

Look Now

That film, to some extent, clouds nearly every set of teeth. And most tooth troubles are now traced to it.

Look in Ten Days

See how the teeth whiten—how they gleam—as the fixed film disappears. Then you will know there is a way to cleaner, safer teeth.

**TELLS DYSPEPTICS WHAT TO EAT**

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due also times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead them to excess, and secretion of acid continues as they place in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little bit of natural Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent further fermentation. This removes the whole cause of the trouble and the acid digests naturally and beautifully without need of gastric pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bismarck form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

## Conspicuous nose pores How to reduce them

Complexions otherwise flawless are often ruined by conspicuous nose pores. The pores of the face are not as fine as on other parts of the body. On the nose especially, there are more fat glands than elsewhere and there is more activity of the pores. These pores, if not properly stimulated and kept free from dirt, clog up and become enlarged.

To reduce enlarged nose pores: Wring a soft cloth from very hot water, lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Then finish by rubbing the nose for thirty seconds with a piece of ice.

Notice the improvement the very first treatment makes—a promise of what the steady use of Woodbury's Facial Soap will do. But do not expect to change completely in a week a condition resulting from long continued exposure and neglect. Use this treatment persistently. It will gradually reduce the enlarged pores and make them inconspicuous.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25-cent cake will last a month or six weeks.

## Veteran River Man Succumbs

MARIETTA, O., April 8.—Captain Charles W. Knox, for more than half a century a prominent figure in Ohio river steamboat trade between Cincinnati and Marietta, died at his home here today, following months of illness.

For many years he was master of the Keystone State. He established a record of 20 years' service on that boat without missing a trip or incurring any loss of consequence to owners.

People Who Are Listless and Run Down More Apt To Suffer Than Healthy Persons

It's dangerous to feel listless. It means that you are run down and have a large store of poisons in your blood. It means that you are not in shape to resist the flu.

And the germs are everywhere. You breathe them all the time. You see them all the time. You touch them all the time. You are full of poisons. You are full of poisons. You are full of poisons.
